Concerns with Water & Sewer Billing and Tax accounts should be brought directly forward to the RM office at (306)944-2044. Please be aware that at this time of transition, there is very limited information available about past account balances.

Be advised, the RM council has decided that they will not entertain the adjustment of any previous tax or water and sewer accounts from the Special Service Area of Plunkett, pending any adjustments or recommendations from the appointed Settler of Assets and Liabilities.
